PREVIEWS FROM THE EDITOR

WE'LL BE OUT THERE HAVIN' FUN...

You know where: ...**IN THE WARM CALIFORNIA SUN!** It's July, and Summer is in full swing. And for the first time in a few years (since *you-know-what* happened in 2020), I'll be reunited with my family in the Golden State! I have some new (yet older) great nieces and nephews to meet, and a whole bunch of adult nieces and nephews to hang out with poolside. And while some of the older kids know to expect me to bring a suitcase full of goodies and swag, it's the younger ones who don't know what's coming... it'll be like Christmas in July! I can't wait!

After spending a few days in Sacramento, it's onward to Los Angeles, where I'll meet up with big-time Hollywood screenwriter (well, hopefully soon!) Mark Haynes, for a couple of days wandering about the City of Angels before we head down to San Diego and Comic Con 2023! Mark caught the Covid last year and couldn't attend, so I'm hoping he's being careful this time around. I need my Comic Con wingman and drinking buddy!

We recently had a changing of the guard here in our **PREVIEWS** family, saying a fond farewell to Production Manager Cindy Anderson, who had been with us for many, many years. Now stepping into her position is our former Production Supervisor and wonder-designer Elena Byerly, who will now oversee the production of my beloved **PREVIEWS** going forward. I have no doubt that she is more than ready to take on her new role, and we'll be working together on **PREVIEWS** for a long time to

come. And of course, we wish Cindy a restful-yet-adventurous retirement. She most definitely earned it!

Finally, in this very issue, we once again celebrate the weird worlds of SCI-FI and FANTASY as our theme this month. So many of our favorite comics, movies, TV shows, games and more are based within these two titanic genres... it's like you can't swing a sword or a lightsaber and not hit something from the worlds of Science Fiction and Fantasy in our catalog! While we have examples all over this issue, we have a special batch of books chosen by our brand manager specialists this month, that fit the bill nicely! You can check them out starting on page 254!

And that's it for this month, my friends! Be back with us next month for another great issue, filled with the coolest stuff on Earth! I for one can't wait to see what we find next!

The Big, Big Overstreet Selling Out Fast

Each year, *The Big, Big Overstreet Comic Book Price Guide* seems to sell through quicker than the previous year. The *Big, Big* #53, featuring a Black Out cover by David

Michael Beck, is on the same track. This square bound, oversized, limited edition version of the *Guide* #53 in soft cover (\$59.95) will go on sale on Wednesday, July 19, 2023, exclusively in comic shops.

The Bible of serious comic book collectors, dealers, and historians since it was first published in 1970, *The Overstreet Comic Book Price Guide* is released each July by Gemstone Publishing. *The Big, Big* version includes none of the articles or advertising and just focuses on the price listings in the *Guide*. It's become a regular purchase for dealers and serious collectors.

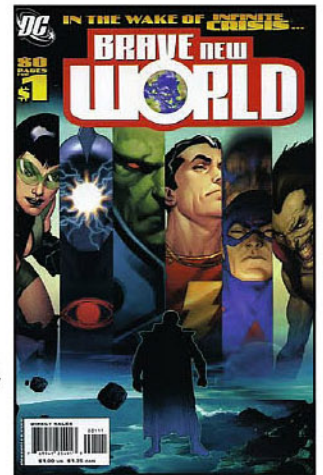

Kurt Cobain's Smashed Guitar Sells for Almost \$600K

One of Kurt Cobain's smashed guitars has sold for \$595,000. The black Fender Stratocaster was sold by Julien's at their Music Icons auction in New York on May 19-21, 2023. The Nirvana frontman smashed the guitar onstage and later reassembled it, though it is unplayable.

All three members of Nirvana – Cobain, Dave Grohl, and Krist Novoselic – signed the body of the guitar. It features an inscription to Screaming Trees singer Mark Lanegan, and the neck plate has "Boddah Lives" engraved on it as a reference to Cobain's imaginary childhood friend.

Up and Atom with Ryan Choi

The fourth Atom, Ryan Choi, was created by Gail Simone and Grant Morrison and debuted in *DCU: Brave New World* #1 in 2006. Choi has a genius-level intellect, and being especially skilled in physics, he became a protégé of third Atom Ray Palmer.

After Palmer disappeared, Choi learned that Palmer wanted him to become the new Atom. Armed with his predecessor's bio-belt, Choi learned to size-shift from nearly microscopic to 100 feet, and transfer his size-shifting ability to other beings and objects. While he assumed the superhero lifestyle, Choi remains a scientist and approaches his adventures with a scientific perspective.

Rom, the Space Knight

Rom was created by Scott Dankman, Richard C. Levy, and Bryan L. McCoy, before being sold to Parker Brothers. At that time, electronic toys were a growing venture for the company, and to build additional interest in Rom, Parker Brothers licensed the character to Marvel.

Rom Spaceknight #1 (December 1979) was written by Bill Mantlo and illustrated by Sal Buscema. It expanded on Rom's origin as a cyborg, and gave him a personality, supporting characters, and villains. Occasionally, Rom also interacted with various other characters in the Marvel Universe.

PETER STONE

EDGE ESSENTIALS

- **The Neal Adams Vault Volume 1 SC** (See Continuity Graphics, Page 330!)
- **The Rise of Magic** (Coming Soon from Continuity Graphics!)
- **Quandry #1** (Available Digitally!)

Please tell us a bit about yourself!

I'm Peter Stone. I started writing comics as a college intern after being accepted by Elliot S! Maggin while under the tutelage of Neal Adams at Continuity Comics. My first plot-assist was on *Toyboy* #7, drawn by the legendary Michael Golden, and my first full script was for *Ms. Mystic* #4, drawn by Terry Shoemaker. From there, I worked on almost all of the Continuity heroes and titles, eventually writing over 200 comics. I wrote the climactic episode of the *Bucky O'Hare*

animated series, as well as dozens of other animation projects.

After the comics bust of 1993/1994, I turned to commercial advertising, becoming a lead animator and editor for pre-production animatics (Test commercials for major Advertising agencies). During this time, I edited the Nasonex Bee on-air commercials, a Disney Educational series called "*They Spoke Out*", about Americans who spoke out against the holocaust, Wendy's 3-D Classic Comics, and a plethora of commercial comics.

Comics have always been my first love, so I continue to write new material like *Quandary* from PKMM, and the resurgence of Continuity Comics, including *Megalith*, *Armor*, *The Hybrids*, *The She-Bat* and *Knighthawk*.

I love good writing, great comics, adventure movies and stunning art; I have two spectacular daughters, a funny and brilliant Grandson, and two adventure novels to my name!

What are your favorite projects you've contributed to over the past decade?

The Rise of Magic comic series from Continuity Comics. Neal and I worked extensively on this wide-ranging crossover. It features almost all the Continuity heroes and a few villains fighting the potential destruction of our world by magic. The art is fabulous, featuring Neal Adams and Ernesto Infante as well as Mike Deodato, Jr., Luke Ross and the brilliant Rudy Nebres! I am also super-proud of *Quandary* from PKMM. I hope to see the entire six issue series available soon. It's

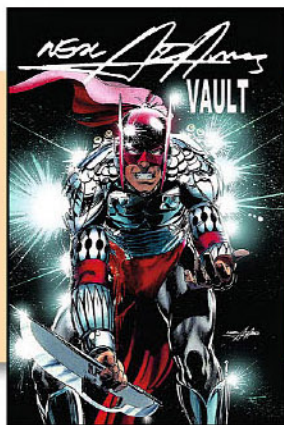

topical and full of action, adventure, a bit of politics and a sexy love story. Then there is the Motion Comic *Gifted* from Marvel Comics [which] was an amazing experience [to work on]. Joss Whedon's exceptional story, John Cassaday's art and Neal Adams directing made it, in my opinion, the best Motion Comic ever done.

What are you currently working on?

I'm currently creating new Continuity projects for unpublished art, and some classic stories to bring in a new audience. I'm also finishing up my second novel, a YA story about two dogs and their boy. And finally, I'm finishing a second arc of *Quandary* with Sedat Oezgen.

What fun titles are you reading?

I'm currently reading *Something Is Killing The Children* (Vol. 1 / MAR201361) from BOOM! It's a horror comic with some real heart! It's a wonderful read, unique and exciting every month! I'm also reading Mark Millar's *The Ambassadors* (Vol. 1 / JUN230064) from Image Comics. Frank Quitely, Travis Charest and Olivier Coipel are easily the best in the business and its pure joy to see them drawing sequential art. I'm also very excited about the new *Conan* series from Titan! Roberto De La Torre's work looks tremendous and harkens back to when the sandaled feet of the black-haired, sullen-eyed reaver and slayer trod the jeweled thrones of the Hyborian Age. (I'm talking about John Buscema, of course!)

USER'S GUIDE

There's a lot of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and hundreds of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

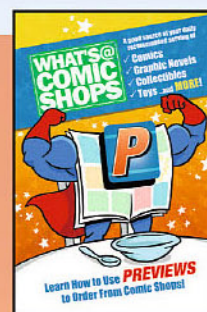

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your

comics and products a breeze and can help your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask

HARRIET TUBMAN BATTLES DEMONIC FORCES IN MASSIVE'S NEW MINI-SERIES

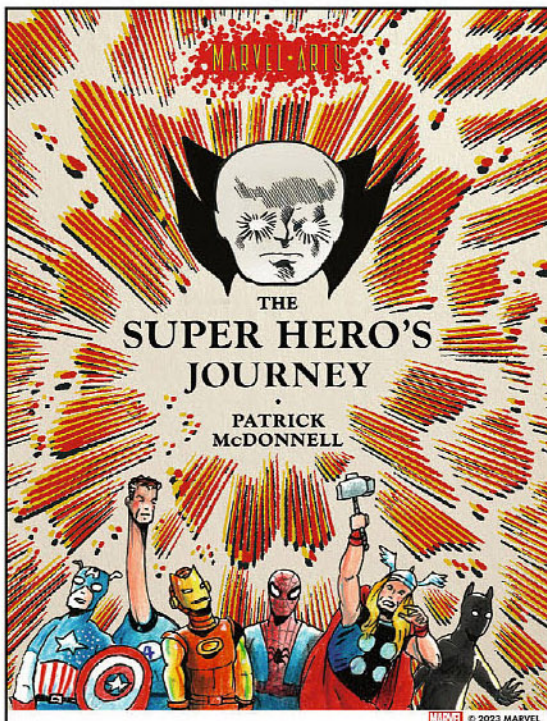

Born into slavery in Maryland in 1822, Harriet Tubman escaped to freedom, then returned time and again to liberate other slaves from bondage and escort them north to freedom. Filmmaker and actor David Crownson and commercial artist Courtland Ellis put a supernatural spin on Tubman's story in Massive's *Harriet Tubman: Demon Slayer*. Slave owners summon the forces of darkness — vampires, werewolves, and more — to stop Tubman, and it will take all of her skills with the sword to defeat the demonic horde and lead her people to safety. Soon to be a series from Disney+, Massive's *Harriet Tubman: Demon Slayer* is the supernatural emancipation story for our times.

Jimi Hendrix and Sci-Fi fans alike won't want to miss the release of Titan Comics' **JIMI HENDRIX: PURPLE HAZE** this. Written by the critically acclaimed author **MELLOW BROWN**, with **DJ BENHAMEEN**, and illustrated with award-winning artist **TOM MANDRAKE**, this epic adventure sees the iconic Jimi Hendrix as you've never seen him before.

We spoke with **TOM MANDRAKE** about his work on the book, and the legacy of Jimi Hendrix himself.

TOM MANDRAKE *JIMI HENDRIX: PURPLE HAZE*

Hi Tom! Right off the bat, what are your top Jimi Hendrix tracks?

I'll say 'Purple Haze', 'Hey Joe', 'The Wind Cries Mary', 'Machine Gun', 'Voodoo Child (Slight Return)', 'All Along the Watchtower', 'Hear my Train a Comin'', 'Up From The Skies', 'Little Wing'...I'm already questioning the order I put these in but I'd be here all day if I tried to make a perfect list!

When the story for *Jimi Hendrix: Purple Haze* was first pitched to you, what drew you into it?

I was very excited about how wide open the script is, we take off and explore a new universe at light speed and don't stop until the final page! The story rings true to many of Hendrix's ideas related to UFOs, aliens and other life forms, concepts he used to explore the human condition. This is also something of a different kind of project for me, *Jimi Hendrix: Purple Haze* is helping me stretch my own artistic wings.

***Jimi Hendrix: Purple Haze* is an epic psychedelic space opera – why do you think Hendrix's music lends itself to this intergalactic setting?**

Hendrix music and lyrics frequently reference cosmic

themes, UFOs and alien worlds. Songs like 'Third Stone To The Sun', 'Up From the Skies', 'A Merman I Shall Be', are all good examples. It's no real jump to place Jimi Hendrix in an epic psychedelic space opera when he was already exploring those concepts in his music. Hendrix said, "What I like to do is write a lot of mythical scenes, like the history of the wars on Neptune and the reason Saturn's rings are there. You can write your own mythology." He was already here, thinking about science fiction and how it's used as a mirror for our world. I believe we are following his lead and I'd like to think he would've appreciated what we've done with this graphic novel.

What was the method behind your sublime and mind-bending art in *Jimi Hendrix: Purple Haze*? How did you work with Mellow Brown's and Benha Meen's script?

First, thank you for making my day by describing my art as sublime and mind bending!

Visually, I wanted to hit some notes that ring true to the 60s and 70s, I tried to do that with costume design, space ship design...I tried to bounce off old sci-fi book covers and my own experience growing up in that era, being a fan of the movies, books and comics of the time. I also changed

up how I approached the look of my finishes, the inks, going for a much more linear style than some of my horror or super-hero stuff. Along with this look back I needed to satisfy my desire to be in the present, challenging myself to be moving forward with my art. Hopefully what I've done is create a look that feels new but has deep roots in the past.

I needed a color artist who understood my reference points in all this. Someone I could work closely with and talk to. I was lucky enough to get Justin Prokovich on board. We've worked together before, Justin is a fantastic artist in his own right and is absolutely nailing the colors!

For those who have never listened to Jimi Hendrix's music, what would you say to encourage them to start?

I could say that 'Are you Experienced?' is arguably the greatest debut album ever and Jimi Hendrix continues to inspire musicians, artists and fans more than 50 years after his passing. Check out his music and see why he still looms so large on our collective consciousness!

"Imagination is the key to my lyrics. The rest is painted with a little science fiction."

- Jimi Hendrix

Before he became a myth... Before he became a legend...

The complete, deluxe hardcover collection of the man who would be Santa Claus, and who dared to challenge the dark forces of magic and malevolence!

From the genre-colliding mind of comics icon **Grant Morrison** (*All-Star Superman*, *Luda*) and the dazzling artistic talents of superstar **Dan Mora** (*World's Finest*, *Once & Future*) comes a bold adventure into the lands of endless winter, where the sword-swinging adventurer known as Klaus and his wolvern companion, Lilli, would begin a centuries-long journey to uphold his immortal mission... and make the world safe for everyone who holds the spirit of the holidays in their heart.

Deftly threading traditional tales of Santa's roots in Viking folklore and Siberian shamanism together with the pulp-inspired prototype of the superhero and barbarian swashbuckler, witness the true secret origin of Santa Claus, long thought lost to history...and the rise of the malignant foes that have stood to oppose his sacred duty across the generations: Krampus, the Witch of Winter, the Pola Cola corporation, and more.

Collects *Klaus* #1-7, *Klaus & the Witch of Winter*, *Klaus & the Crisis in Xmasville*, *Klaus & the Crying Snowman*, *Klaus & the Life and Times of Joe Christmas*, and *Klaus: Pen & Ink Edition*.

"It's the **beautiful art** and the unusual blend of **grim medieval setting** and **whimsical fairy tale elements** that truly distinguish this tale."

What ghost stories do ghosts tell, and what can they tell us about ourselves?

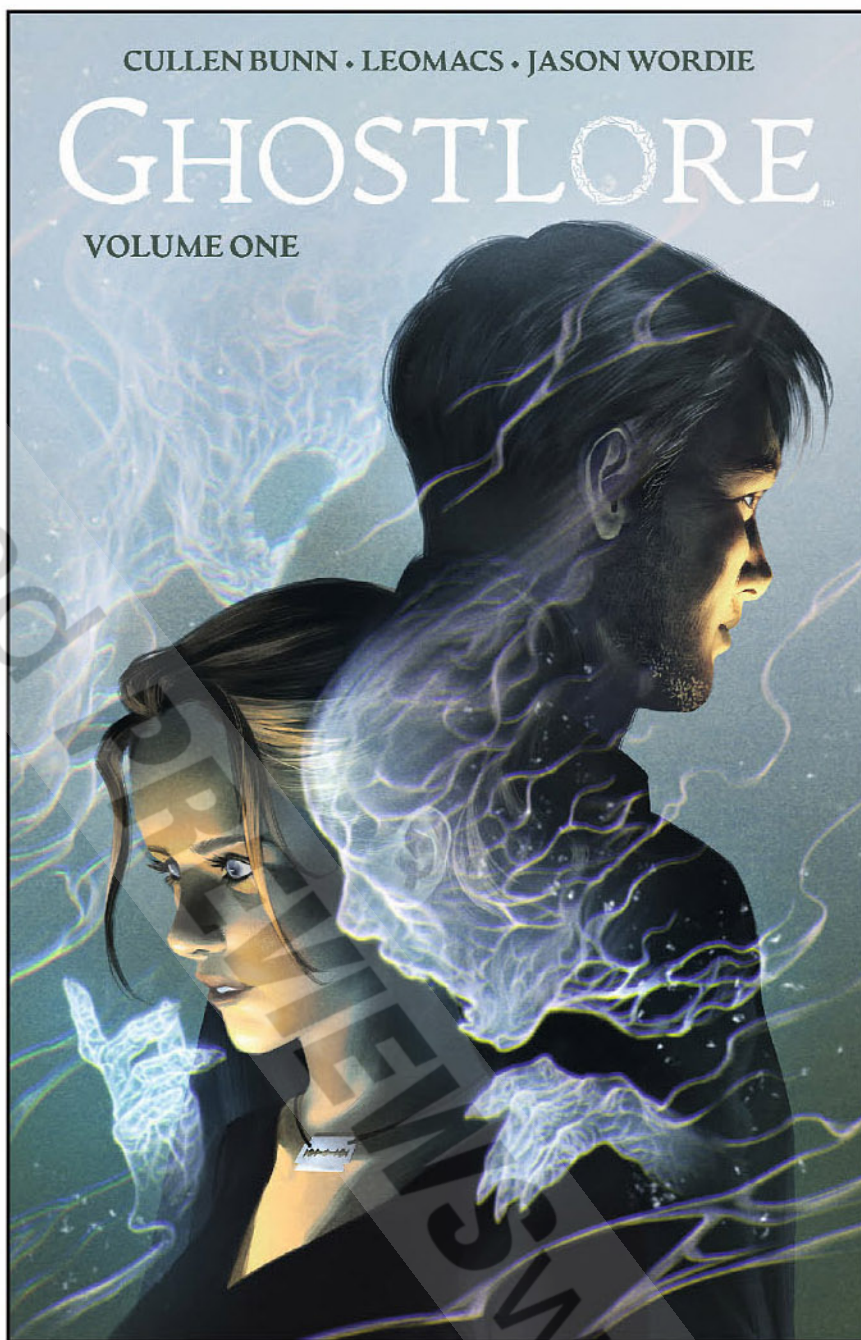

An estranged daughter and her father wander a haunted land; they only have the restless spirits, each with its own story to tell, as company along the way.

After a deadly accident of which they are the only survivors, Lucas and Harmony Agate can see the dead—an overwhelming amount of the deceased, all with their own warnings, cries for help, and malevolence alike.

But Lucas and Harmony aren't the only ones with this ability; there are other nearly-deads, some of which have malicious motivations...

Cullen Bunn of *Basilisk* and *The Empty Man* acclaim is joined by artist Leomacs (*Basketful of Heads*) along with guest artists Brian Hurtt (*The Sixth Gun*), Danny Luckert (*The Red Mother*), Vanesa R. Del Rey (*The Joker Presents: A Puzzlebox*), bringing readers the most eye-opening spectral story since *The Sixth Sense*!

"I am the screeching fingernail on the chalkboard of justice.
I am the sour ball in the candy jar of goodness.
I am NEGADUCK!"

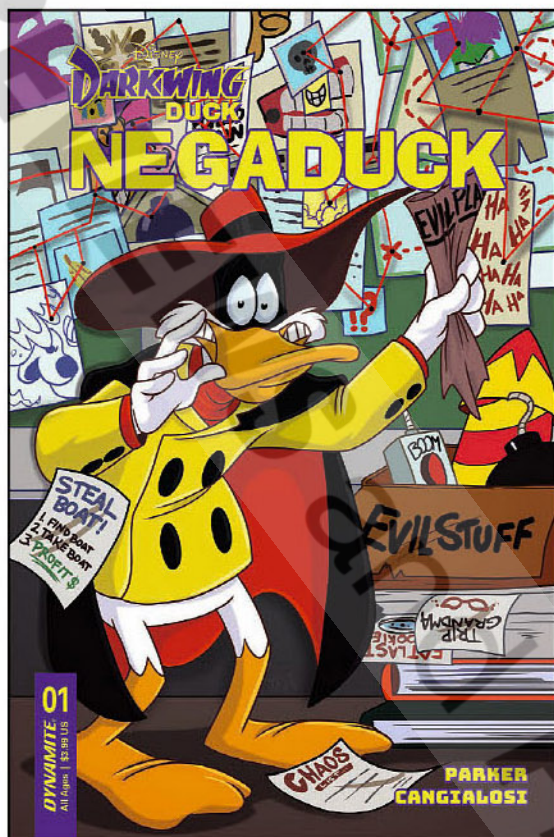

He's the exact opposite of DD in every way... evil, nefarious, dedicated to stealing lollipops from kids and not helping grandmas across the street! And now, he's ready to begin a reign of crime and terror the likes of which St. Canard has never seen — except... dang it, all of the other villains are ripping off his ideas! What's a criminal mastermind to do when the city's thick with other criminals, stealing his shine? Why, take his villainy on the road, of course!

Written with fiendish glee by arch-author JEFF PARKER and illustrated by the suspiciously talented CIRO CANGIALOSI, Negaduck features a regular rogues' gallery of cover artists, including JOSHUA MIDDLETON, JAE LEE, TRISH FORSTNER, and a special Whiteout homage cover by that series' co-creator, STEVE LIEBER!

VILLAINY OOZES FROM EACH PAGE OF NEGADUCK! JEFF PARKER (*AQUAMAN*, *THUNDERBOLTS*) TAKES ON DARKWING'S NEMESIS!

Many fans are going to be jumping into this series from the main *Darkwing Duck* title, or perhaps trying it out first then exploring our other Disney titles. How would you introduce fans to Negaduck and his relation to Darkwing?

Everything you need to know about Negaduck is right there in his name — he's Darkwing's evil opposite. Yet, he still has the same large opinion of himself (large ego, large hat). Though he considers himself Darkwing's greatest foe, he still follows his own path — he's not partic-

ularly obsessed with Darkwing. Like, he can go do crimes that have nothing to do with DD. But interestingly enough, they all seem to take place in St. Canard.

In his native Negaverse, practically everything is backwards and reversed, from superhero costumes to morality. Negaduck is known for his nefarious villainy. What's he cooking up in this new story?

When we catch up with him having escaped from prison, he's already ready

to get back at it, menacing the world, pushing the boundaries of crime. But he runs into a very real problem many of us will relate to: As he starts hatching new plans, he finds other villains have come up with similar ideas. It's really maddening for someone who takes pride in original mayhem.

Darkwing Duck has a quite expansive mythos of characters and fun ideas. Can fans expect to see some other familiar faces in the series, and/or any surprise newcomers?

Yes, you'll see The Fearsome Foursome and Taurus Bulba immediately. As well as some of Darkwing's friends.

In addition to your heavy hitter runs on books like *Aquaman*, *Thunderbolts*, and *Hulk*, you've also gotten received a lot of acclaim for your work on all-ages or retro-style tales as well as genres outside the of traditional superheroes, such as *Batman '66*, *Future Quest*, and *Flash Gordon*. What makes you such a great match, and what draws you to these kinds of off-the-beaten path projects?

I get to start with great material, the original TV animation and all those cool Tad Stones ideas, so that's a boost right there. When I'm doing stuff that's very all-ages, I still try to entertain myself first, and I assume the reader is pretty smart even when very young. I like how universal in appeal books like this can be — you "get it" within a page and are along for the ride, you don't have to read a Wiki entry before beginning. I like to make stories for newer readers and get older readers to reconnect to the kind of work that pulled them into comics and animation. Also, I love that I can give these books out at Halloween with candy, that's a big plus with all-ages stories.

Ciro Cangialosi has been knocking it out of the park already, drawing several of the action figure- themed variant covers for Darkwing Duck, including the one featuring Negaduck on issue #6. What does he bring to the collaboration artistically, and how has the collaboration been going so far?

Yeah, it was pretty exciting to find out [editor] Nate Cosby got Ciro to draw this story. I've seen a few pages so far and they're gorgeous. People may not realize that a project like this is harder to draw than a comic with a cast of human characters. Negaduck, Darkwing, Morgana, Megavolt — these characters have very specific designs you can't veer from, and the environment has to look right to fit with them. Thankfully, Ciro is a powerhouse who can do all this, it makes me confident in describing big visuals because I know he'll knock it out of the park.

Which contest will be tougher for our feral champion of the wilderness to face — the savage, claws-out battle for domination of her jungle home, or the savage, claws-out battle for domination of... the world's most exclusive girl's boarding school? Yup, Cardwell Inc. is betting that some formal education will teach their long-lost, "raised by wolves" scion the niceties of civilization — while also conveniently removing her from her beloved Val Verde rainforest while they continue to relentlessly exploit it!

But while you can take the girl out of the jungle, you can't take the jungle out of the girl — and when Sheena discovers the school's centennial celebration is the target of a deadly plot, classes won't be the only things the Queen of the Blackboard Jungle will have to cut!

Featuring an expertly crafted syllabus from instructors WES CLARK JR., STEVEN E. DE SOUZA, and EDIANO SILVA, this exciting new course is sure to bring learning to life!

SHEENA SWINGS INTO... BOARDING SCHOOL?! WRITERS STEVEN E. DE SOUZA & WES CLARK JR. EXPLAIN!

Steven, you are the modern shepherd of the Queen of the Jungle. What do you feel makes Sheena still so fun and timely today, a full 85 years after she first appeared, alongside other early comics peers like the Big Blue?

Steven: Interestingly enough, both Superman and Sheena have circled back to their roots: Some of Superman's earliest adventures weren't taking on supervillains, but miscarriages of justice — if memory serves, his first issue he took on a slumlord, and then stopped the execution of an innocent man moments before the switch was thrown on the electric chair... so recent issues where he and other DC characters deal with grounded, real world problems isn't a new idea. Similarly, Sheena was protecting the environment and indigenous people from day one: Her earliest foes were poachers, slavers, and intruders stealing timber, diamonds and other natural resources — the same threats facing the rainforests and their peoples today.

Wes: You forgot Nazis.

Steven: We just had Sheena take on Nazis, thanks to some timey-wimey shenanigans — in fact, the collection is out now! [Ask your retailer about *Sheena: Cenozoic* or check it out on Dynamite.com]

Wes: The jungle remains a location of mystery and danger to the human imagination. Add a heroine capable of handling man and beast, and you've got a story people will keep coming back to. It's primal.

You and Wes Clark Jr. are taking on the writing of this series together. How did that partnership come together, and how has the collaboration been so far? Are two minds truly better than one?

Wes: Along with other industry figures, Steven and I met in 2002 over free pizzas and soft drinks provided by the CIA to war-game counter-terrorism ideas after 9/11.

Steven: Nice going, blabbermouth. Now we have to go into the Witness Protection Program!

Wes: Actually, in the two decades since, that program has been widely reported.

Steven: Really? Aw, man, after I spent a fortune on that bunker under my house.... Anyway, we've been friends ever since, and in fact, we previously teamed up on a couple of projects that, as so often happens, fell into Hollywood development hell — which is one thing that can't happen in comics, which is why we've wholeheartedly embraced that important, classic, and unique seminal American storytelling medium.

Wes: Plus we're on strike and we can't work anywhere else.

Steven: Okay, that too....

Ofentimes fans would expect a Sheena yarn to feature lots of swinging through the jungle, going toe to toe with some

fearsome beasts, those kinds of angles. We expect there will still be plenty of thrilling action, but you guys are taking her to a whole other vicious environment — an exclusive boarding school for girls! How did that idea come up, and how are you aiming to contrast it with her usual native environment?

Steven: Believe it or not, this finishing school idea has been in the planning stages for several years now — it's a logical stage in Sheena's life: Having returned to civilization after spending her formative years in the jungle, her wealthy family thinks she needs some polishing.

Wes: Not to mention, they want to get her out of the way, because they're actually among the worst offenders destroying the rainforest.

Steven: But, in truth — just as Tarzan had French explorer Paul D'Arnot to prep him for civilization before he actually got there, Sheena had Don Felipe.... So she's not as unsophisticated as she pretends to be, giving her a leg up on enemies who underestimate her.

Wes: We wanted to stretch her character, show her intelligence and skills in an environment filled with dangerous, savage beasts with claws out — but don't worry, we also still have scenes set in the jungle!

For this latest escapade of jungle action, artist Ediano Silva is joining the party. What made him a great fit for the legendary Sheena? What's it been like to see your scripts brought to the page with his style?

Wes: Ediano is doing a fantastic job, and, like Sheena herself, he moves effortlessly between the jungle and urban settings.

Steven: And he's particularly gifted at — for want of a better word — the "acting" of both the human and animal characters — their expressions convey their thinking and emotions so well, the dialogue doesn't have to do all the heavy lifting.

Sheena is so renowned for iconic artwork, from being created by the industry-shaping Will Eisner to contributions from "good girl art" icon Matt Baker and heavy hitters in the Dynamite era like J. Scott Campbell, that the series necessitates some kickass covers in addition to Silva's slick interior art. What do you have to say about the likes of Lucio Parrillo, Joseph Michael Linsner, and Arthur Suydam pitching in?

Wes: It's fantastic to have such superstar artists doing these covers; in fact, "covers" is an insufficient word — fine paintings is a better description.

Steven: It's a nice reunion of sorts with Joseph Michael Linsner, who did some Sheena covers years ago when our girl first returned to comics. And, since you mentioned Matt Baker, I have to give Ediano a shout out, because if you're a Fiction House nerd you've noticed Ediano's done some homage swipes of Matt's work.

Wes: So, with Sheena, everything old is new again, in more ways than one!

BALDWIN'S BIG CHRISTMAS DELIVERY HARDCOVER

FC | 32 pages | Action Adventure | Hardcover | \$16.99 | Ages 3 to 8 | 9/6/23

writer: Annie Auerbach

artists: David Molena and Terry Shakespeare

It's Christmas and the train yard is busy! There are lots of trains with lots of packages to deliver. Baldwin, a switcher train, does his best to get all the big trains ready. But when he discovers one Christmas package that's been left behind, Baldwin decides he must deliver the package himself — no matter what!

It was the day before Christmas, and the Train Yard was very busy. Baldwin, expert to track 4, bounced around the yard. It was his job to move trains, cars, and cabooses around the Train Yard, getting them ready for long-haul journeys. He was too small to go on those kinds of trips.

Baldwin looked around the Train Yard, but Big Mike and all the other engines were already on the tracks. Baldwin wanted to see his friends to get Big Mike's attention, but it was broken.

When all the big trains finally left the Yard, Baldwin headed toward the service garage. Suddenly, his wheels scrambled to a halt. "Oh, no!" Baldwin exclaimed. He spotted a single, wrapped present on the ground. "I must have forgotten to load this onto Big Mike!"

As Baldwin chugged along, it was getting dark and the snow was coming down fast.

Before long, there was so much snow falling that it was hard for him to see. He struggled against the wind that blew noisily around him. Suddenly, a gust of wind blew the present down the tracks!

"But what will we do with it?" asked Baldwin, raising the present. "I don't know who it belongs to." "I do," said Big Mike. "See do!" said Baldwin. "How?"

"On the tag it says: For Someone Special," said Big Mike.

EDENWOOD—An eons-long series of multiverse wars between demons and witches has found earth as its latest and final battleground. The battle pits **NECRONEMA**, the ever-expanding demonic land which supplanted the Midwest twenty years ago, against **EDENWOOD**, the witchcraft controlled land that acts as a barrier against the warzone and the rest of the U.S. In the first story arc of this ongoing series readers are introduced to **RION**, a young man born during the apocalyptic events of southern Illinois, who is thrust into the role of hero and leader.

Summoned by the **WITCH WAR COUNCIL**, Rion must assemble an elite team of **DEMON HUNTERS** tasked with annihilating a list of targets within the demon-controlled lands. But Rion has his sights set on a young and powerful witch being held prisoner deep within **Necronema**. The mission is one of search and destroy... however Rion feels he's been chosen for more than just a demon killer.

In a world where your guild means everything, classless Sylv is labeled a Barbarian. She's a jack of all trades who can fight, pick most pockets, and cast a spell or two. But without official membership to a guild, she's barred from having adventures. No adventures mean no money, and no money makes it awfully hard to support herself and her 7-foot-tall disabled brother.

But when an underhanded cleric says he's got the quest of a lifetime for her, she can't really say no (even if she knows she should). Everyone knows the days of keeping unbagged comic books lying around are long gone – bags and boards are a forgone conclusion in this modern world of collecting. But what about when a bag and board aren't enough? Do you want to lie awake all night worrying that your comic is developing irreversible stresses that will reduce its value a thousandfold? You need something a little tougher to keep that comic safe, and Ironguard Supplies has just the thing. In addition to a full range of bags and boards in all sizes, Ironguard now offers comic toploaders, rigid sleeves that will keep your comic protected from even the most unforgiving longbox. Sleep easy, my friend.

Cover ANDY MACDONALD

Doctor Christopher Boldt has everything he ever wanted: A successful career as a surgeon, a supportive and loving boyfriend, and an overload of hype on his rumored run for Boston City Council. But there's one problem – it's all held up by a lie. For years, Chris has been hiding in plain sight, desperate not to be connected to his father, Orin Paige, one of Boston's most notorious gangsters.

Until now, Chris has been able to live with the secret. And Chris's father has been just as happy to deny any connection to his queer son, who he sees as a liability in the mob world. Now, Chris's political aspirations have put father and son on a collision course. A collision course bathed in blood.

From Eisner and GLAAD Award-Nominated writer Steve Orlando (*Extreme Carnage*, *Midnighter*, *Darkhold*, *KILL A MAN*) and artist Andy MacDonald (*Rogue Planet*, *Loki*, *MY DATE WITH MONSTERS*, *I BREATHED A BODY*), comes a story of family secrets and violent retribution.

This collection contains the entire series, issues #1-5.

ALMOST DEAD #1

WRITER: GALAXY | ARTIST: RYAN BENJAMIN

COMIC | 32 PAGES | COLOR | MATURE (16 AND UP) |

HORROR, ACTION ADVENTURE | \$3.99

Somewhere between pure exhilaration and sheer terror is *Almost Dead*!

After having an accident on her way home to visit her family, Sara Walker awakens to find that the world has changed. Now she must travel up the Eastern Seaboard, using suppressed survival skills she learned as a child, in hopes of reuniting with her loved ones in the midst of a viral pandemic that has turned humans into monsters. Set in modern day 2005, Sara unites with old acquaintances and new friends along the way, and her struggle to survive will be both an unexpectedly exciting journey and an absolute horror.

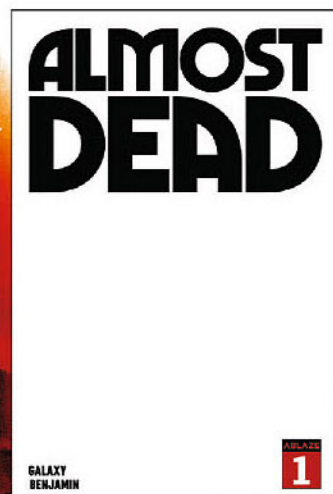

Almost Dead is a new post-apocalyptic horror-drama adventure about triumph, growth and the resiliency of the human spirit brought to you by writer and *Comic Con Radio* / *Spoiler Magazine* founder Galaxy and Eisner nominated artist Ryan Benjamin (*Batman Beyond*, *Star Wars*, *X-Men*, *Gripter*) that redefines the genre, with its cinematic approach and attention to detail.

Relentlessly vicious, *Almost Dead* isn't your typical apocalyptic story. Tying in conspiracy with historical flashbacks and showing how perhaps everything we've learned in our textbooks has been altered over time.

ALMOST DEAD

INTERVIEW WITH WRITER GALAXY

Tell us a little about yourself and your creative background. What stories have inspired you? Who or what are some of your biggest comic book influences?

Well, to many of our listeners, readers, and fans, I am the editor-in-chief of Spoiler Magazine as well as the creator and founder of Spoiler and Comic Con Radio.

It started with my podcast, called by the same name, Comic Con Radio, many years ago. Well over a decade ago. From there, as we got more listeners, more fans, and more followers, Comic Con Radio became one of the top podcasts and radio networks. Now we have close to 100 original podcasts and growing, as well as multiple live channels. Our network tagline is Taking over the world one listener at a time! In addition, Spoiler Magazine is a mainstay in the fandom world. We have produced over 40 covers with many more to come. Writing has been a passion for many years and, about seven years ago, I started creating and writing Almost Dead. This is the first of many comic book projects to come. My influences are Stan Lee, Jack Kirby, Todd McFarlane, Will Eisner, Rob Liefeld, and Frank Miller, just to name a few of the greats.

Give us a rundown of "Almost Dead" and what the story means to you. Anything in particular you hope to convey or accomplish with this story?

Almost Dead is a story of triumph and the will to survive. It's about family and new friends and overcoming obstacles. Most of all, it's a very serious and realistic story. The story means a lot to me, because I always wanted to create an apocalyptic story that has antagonists, monster-like humans that are as realistic as possible. We studied diseases and different things that can happen to the human body, and we created monsters with actual human diseases in mind, with how the body decays in real life, because the human body is resilient. If you remove the magical element of bones walking or the dead rising... That's more magical. If you want it to be more realistic, you need muscle to move. You need organs to survive. So, you'll see some really cool

stuff. Showing that, if these monsters are real, they're still human, and it means a lot that I can show that in the story. Anything can happen, and we've all just been through a pandemic, so the possibilities can become real. So, as you read the story and you go through each comic book, just try to feel it and keep an open mind. Allow the world around you to become part of the story.

Are you a fan of the general zombie apocalypse genre? Horror? What are some of your influences in that direction and how does "Almost Dead" stand apart?

Big time. I love it. It's phenomenal. I am an ultra-fan!! But I want our "zombies" or "monsters" to be as human-like as possible. They're not totally dead. They're almost dead.

I'm a big fan of the horror genre. It excites me to a point where I have to stand up to watch things, because I'm so excited from the adrenaline.

George A. Romero and Zack Snyder are big influences. Greg Nicotero's work is awesome, plus some current masters of the horror genre... But I can't name everyone, or the list would be very long. Now that we have our own series—and, as some people say, we're reimagining the genre—we like to keep some influences a bit close to our hearts...for now!

Almost Dead stands apart because we're changing it all up. They don't have to be fully dead. Bones should not walk, and decade-old corpses should not attack. They can be *almost dead*. Like I said before, you need muscles, and you need organs, and you need blood. You need everything the human body has in order to function. I'm excited for you all to enjoy the series. Remember one question: how do we know that history hasn't been altered? Altered to hide the outbreaks throughout the ages? Makes ya think, right?!

Who's your favorite character to write? Why? My favorite character is Sara. She is a solid individual. She is compassionate, humane, intelligent, and a badass.

But, ultimately, all of the characters are wonderful. When I started creating the characters for Almost

Dead, I put a lot of thought into it. I've seen these characters in my mind for many years, and there's many great characters in the first season. Every time I create a character, I focus on their life and what lead them to that moment in our story. I use pictures of real people, and I put them in a collage, almost, and then I think about their hair and their eyes and their noses and their expressions. Then, I make that character come to life. I introduce myself to that character. Then, at that point, they become part of the story. If the character is not ready yet and hasn't been introduced to me in a way that I feel fits the story, then I put them in the back lot. Of course, I'm gonna use them, but not at that moment. That's the process of character creation and building for me. I spent over two years creating and developing the characters. Once I was ready to introduce Ryan Benjamin to the characters, I gave him every single image and bit of info that I'd put together pertaining to them: their characteristics, their life story, their clothing—everything that you could possibly think of—and then Ryan took all of that and spectacularly created that character within the story. Like he says: he sees with his hands, his hands are an extension of his mind. I always make sure to give him as much detail as possible, because it's very important to me and I hope you all fall in love and connect with every one of characters.

Why did you choose 2005 as the time setting for "Almost Dead"?

I chose 2005 because it's a period in time where smart phones—such as the iPhone—haven't taken over. Professionals used Blackberries back then, which had messaging and some apps, but it was very archaic compared to today's iPhones and smart phone technology. We're currently carrying a personal computer in our pocket with the world in our fingertips, but in 2005 it was a simpler time. YouTube had just launched in 2005, and, that summer, one of their videos received over 1 million views. That is nothing in today's world. The Internet wasn't as fast in most places, and in some cities and towns people still used dial-up or very low-level cable Internet. This really affects the use of technology.

I wanted to give the story a chance to go on without using too much modern-day technology, and introduced some things that we don't use today as well as some that are part of our lives now. It's the beginning stages of many amazing things that we don't use anymore, so it's a good timeline for me. I think the early 2000s to me is that time, when technology still hadn't taken over our lives and people still went outside to enjoy the world. Yet some advances started to show up, it's the beginning of what we use today. So, I thought it would be cool and fun to do that.

INTERVIEW WITH ARTIST RYAN BENJAMIN

How did you become part of the "Almost Dead" team? Was there anything in particular about the project that drew (haha) you in?

A. I was approached—I think it was at San Diego Comic Con—about the project. At the time, I wasn't sure I could do it, because, at any given time, I have a multitude of projects on my plate. I remember saying I'd have to think about it. Months later, after my schedule cleared, I said yes, I would do it.

Describe the process of creating the look of the characters. Is there any character that stands out as a favorite design-wise? Is anyone the most fun to draw thus far?

A. Part of making my decision to draw the book was the chance to draw zombies. Normally, I'm a messy artist and zombies are messy. When drawing, I like to stay loose and just let the pencil guide me to the character. So, when drawing zombies, I stay messy but have to clean it up a bit so the inker can read the lines.

Any commentary to offer about the look of the zombies in the story? Does that require interesting reference hunting and/or extra research?

A. Anything zombified is interesting to draw. I'm waiting to see if any zombie animals appear in the future scripts. Research is easy. In my head, I'm there already, so half the battle is done. From there, if I need it, I can find reference almost anywhere. Zombies have been done already so the challenge is how to make it interesting and appealing to audiences who love zombies.

FOR FANS OF SOMETHING IS KILLING THE CHILDREN!

From the artist of the hit *SIKTC* spinoff series *The House of Slaughter*!

"It is not difficult to be happy under a blue sky. But it takes a lot of courage to be strong even under a black sun."

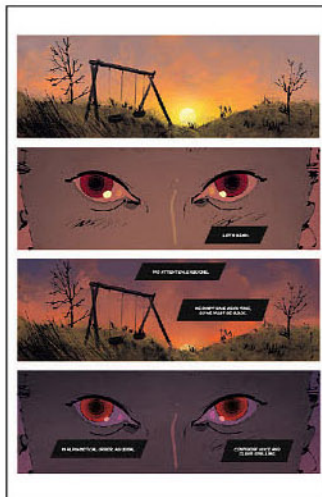

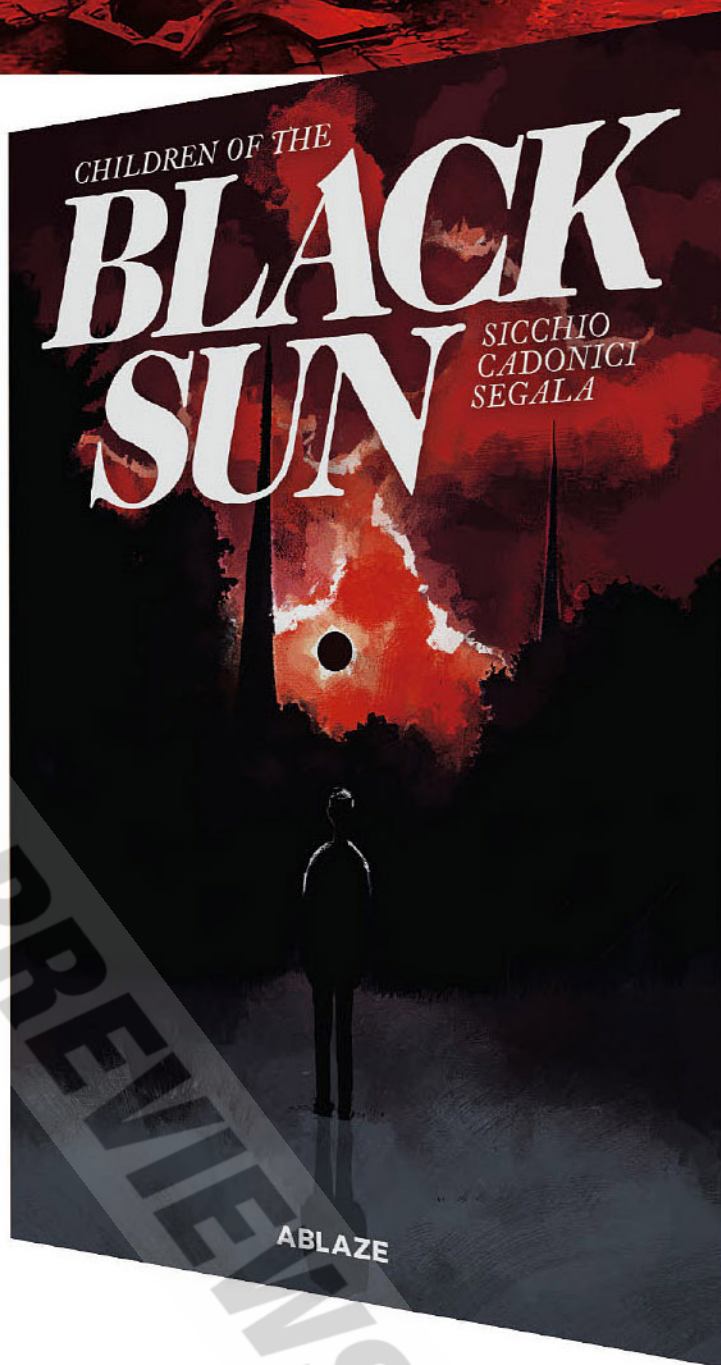

Over the years, a black sun has risen twice. A dark dawn whose rays have done terrible things to people's minds, driving them to all sorts of horror. Twelve years have passed since the last time and the world still fears the return of that inexplicable phenomenon. But fear is not the only legacy of those terrible days. All the women who got pregnant under the influence of the black sun have given birth to babies with some... peculiarities. White hair, ashy skin, abnormal proportions, and eyes as red as fire: the Children of the Black Sun.

Brightvale is a small town like many others. Here, the Children of the Black Sun are treated with particular contempt, especially during the days leading up to the anniversary of the two disasters. The hatred of their fellow villagers, terrified of a possible return of that horror, will push these kids to unite and embark on a hallucinatory journey to discover themselves and their true nature. But is the black sun really about to return?

PGS: 24 RATING: MATURE

GENRE: ACTION/CRIME

From the mega-viral and chart-topping band known as Bad Omens comes this comic series based on their newest record, *The Death of Peace of Mind*.

Bad Omens is one of many crime syndicates that operate in the largest district of the lawless and predominantly self-governed Concrete Jungle. Their members toe-the-line morally when it comes to their revolving door of methods and motives, but in the end they could be the antiheroes the city needs and the true kings of the concrete jungle.

After the Bad Omens take possession of a local museum containing some of the last art pieces **not** in possession of "You Know Who," they face off against the previous owner—a vicious crime lord who won't let his property go without a fight. A high-octane battle breaks out amongst the priceless artifacts packed with gun fu à la JOHN WICK!

Most recent single "Just Pretend" went viral on TikTok with millions of views. The song also topped multiple Billboard charts. The band is headlining a sold out (within 24 hours) tour across the US where this comic will be promoted.

ABRAMS COMICARTS - MEGASCOPE

THE EIGHTFOLD PATH GN

(W) Steven Barnes, Dr. Charles Johnson
(A) Bryan Christopher Moss
Eight strangers—looking for enlightenment from an ancient spiritual teacher—are trapped in a cave high in the mountains on their way to his temple. One of his acolytes directs them to each tell a story that the group can learn from as they wait out the horrible snowstorm that rages outside the cave's entrance. One by one, the travelers each share a story that, unbeknownst to them, is actually a morality tale representing one of the aspects of final enlightenment as taught in Buddhism. As the wind howls through the night, they tell symbolic stories of horror, dystopia, high adventure, cyberpunk, and urban fantasy. Each story is a spoke on the symbolic Dharma wheel, and each interlocking tale gets the travelers closer to their true destiny: unveiling the future of the entire human race. TALES OF THE ORISHAS HC

(W/A) Hugo Canuto
In ancient times, when heaven and Earth were united as two halves of a gourd, deities and heroes walked among men. They fought battles with fury and taught the ways of the ashe (the energy of creation), land, iron, and fire. They reigned and loved with great intensity. Some descended from the luminous Orun, to live their lives and fulfill their destinies, while others were born in the aiye, and through their great deeds became Orishas, changing forever the history of two continents. *Tales of the Orishas* fuses the pantheon of the African Diasporic religion of Candomble with the Silver Age comic aesthetics of Jack Kirby into a riveting tale of high adventure. The story centers around a celestial battle between the gods of Brazil, who are worshipped by the Bahia people, and a fearsome conquering force led by a dark and malevolent overlord. Only Shango, the god of fire and thunder, can lead his people into victory while the fate of creation hangs in the balance. (STL277332) (C: 0-1-1) HC, 6x9, 112pgs, FC \$24.99

AMERICAN THEATRE AS SEEN BY HIRSCHFELD 1962-2002 HC

(A) Al Hirschfeld
Al Hirschfeld has been synonymous with Broadway since his first theatre drawing appeared in 1926. For seventy-six years, his theatre work was as much a part of a Broadway show as its opening night. His drawings, seen most famously in the New York Times, where his drawings appeared on average every other week for seventy-five years, reached all over the country, and millions more saw his vision of the shows than saw the shows themselves. The two volumes of *The American Theatre as seen by Hirschfeld* showcases Hirschfeld's greatest theater art from nine decades covering *Show Boat* to *Hairspray*. When the first volume of *The American Theatre* was published in 1961, Hirschfeld designed and curated the book, featuring 250 works from the first four decades of his career. This new second volume covers the other forty years of Hirschfeld's career with nearly 300 drawings. (STL280587) (C: 1-1-0) NOTE: Available only in the United States, Canada, Europe, and the U.K.

ATHENEUM BOOKS FOR YOUNG READERS

ENLIGHTENED GN

(W/A) Sachi Ediriweera

Prince Siddhartha lives in a beautiful palace in the heart of Kapilavastu. His father, the king, ensures that he has the best of everything—he just can't go outside. He is locked up away from the city, away from anything that might cause him pain. He knows nothing of illness, aging, sorrow, or death, yet Siddhartha feels the pain regardless, and it instills a burning curiosity to understand the world outside—and the nature of human suffering. Based on the life of the real man who was known first as a prince, then as a monk, and now as the Gautama Buddha, *Enlightened* is about one boy's quest to learn the truth that underpins our endless struggle against suffering—and in understanding, break the cyclic existence that perpetuates it. Writer: Alan Moore • **Artist:** Kevin O'Neill
MR, B&W, 168 pages TPB \$19.99

About: Alan Moore and Kevin O'Neill invite you take a trip through the dark recesses of cinema, in their first major project together since League of Extraordinary Gentlemen. The power of movies - the people behind it, the damage it has done, and the story of one woman forced to bare her soul - is all unspooled one short film at a time. Every chapter is radically different yet all weaved into one tapestry of breathtaking complexity as only Alan Moore could do. This collection has all eighteen chapters for the complete story. (O/A)

ALAN MOORE'S WRITING FOR COMICS

Writer: Alan Moore • **B&W, 48pp - GN \$5.95**
Artist: Jacen Burrows **Cover:** Juan Jose Ryp

About: The master of comic book writing shares his thoughts on how to craft a perfect tale and deliver a top notch script! The main essay was originally written in 1985 and appeared in an obscure British fanzine, right as Moore was reshaping the landscape of modern comics, and had been tragically lost ever since. Now Avatar brings it back in print, collected for the first time as one graphic novel, and heavily illustrated by Jacen Burrows. Alan Moore also provides a brand new essay on how his thoughts on writing have changed in the two decades since he first wrote it. For fans of Moore's work, new writers, or anyone who wants a peak behind the mental curtain of one of the greatest living writers, this is a can't miss book! (O/A)

Meet Bob Schrunk, technocrat billionaire, collector of bad art, and victim of a hideous skin condition that can only be treated with a highly illicit and definitely not FDA-approved face cream that must be... harvested. From human beings. Bob isn't unfair, though. He's happy to let his guests select who will be next to be banished from the Rumpus Room and sent to their doom. There's just one thing Bob doesn't know: One of his current guests is an undercover cop—and she's carrying a concealed gun.

RUMPUS ROOM #1

Illustrated by **Ramon Rosanas** Colored by **Ive Svorcina**

"It's a parable for how in American civilization, on some level, we're set against each other by forces that are too powerful for us to reach."

— MARK RUSSELL

"RUMPUS ROOM tells the story of a social media billionaire who keeps people who cross him, or were problematic, walled up in a Rumpus Room," explains writer Mark Russell. "Not one to waste things, he actually has them, one by one, crushed into a skin cream. But he does allow them the benefit of voting on the next person [to be] put in the Rumpus Room and the crushing chair—so he does give them that."

"It's a parable for how in American civilization, on some level, we're set against each other by forces that are too powerful for us to reach."

"We live in this age where we've created these sorts of cults of personality around people like [Elon Musk] and Donald Trump," explains Russell.

"It's like, I think, the underlying assumption of American life as well: 'I can't do anything about the real things that are destroying me, so I'll take out my rage against the person I can take it out on.' [RUMPUS ROOM is] about this misguided anger that we have and how we are weaponized against each other."

As the series kicks off in issue #1, Schunk comes face to face with a (former) employee-related issue that will have him scrambling for Human Resources to get involved—if he hasn't ****ing fired all those dipsh*** already!

Take an engrossing deep dive into the cultural influences of Black Panther, from the development of the Marvel Comics character in the 1960s to his current worldwide renown. Black Panther was created in 1966 by the legendary Stan Lee and Jack Kirby in the midst of the civil rights movement and just before the birth of the Black Panther Party. Subsequent creators have drawn from global history and the ever-evolving Black experience to

breathe new life into the character, weaving in stories of both oppression and triumph. The Black Panther mythos has had an enormous impact on both comic creators and the people who have helped shape Afrofuturism. (STL280590) (C: 0-1-1)

When war comes to Hollywood, even the fictional characters have to take sides.
Pop culture is the battleground as Calexit rages on.

"CALEXIT returns with a story where California goes up against Universal City, just as Florida is going up against Disneyworld. Seriously, Matteo Pizzolo has some kind of crystal ball for this thing, right? Of course, in his version, it gets a lot more violent."

"A brilliant piece of dystopian fiction." —The Mary Sue

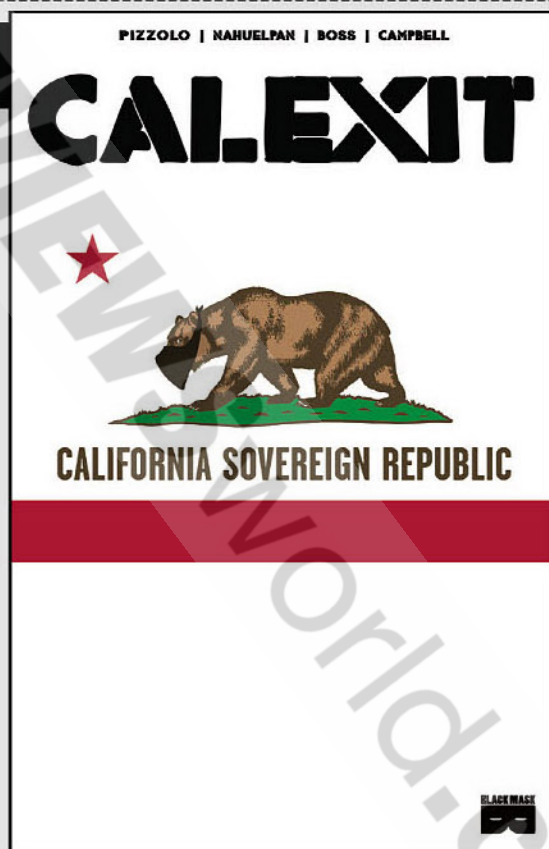

"The scariest thing about Calexit is how lived-in it feels — after all, every dystopia is just an accurate description of how things are for other people somewhere in the world, and this story just reminds us that we're always a hair's breadth away from the very bad things that we assume only happen in failed states." —Vulture

What if a fascist, autocratic President took over the United States? And what if that President lost California, the sixth largest economy on Earth, by nearly 2-to-1...a margin of almost 3 1/2 million votes? What if the day after that President took power, the largest mass demonstration in history occurred, and the state with the largest turnout was California. And then, the following week, two of the largest international airports in the world, California's LAX and SFO, were blockaded by protesters? What if California refused to be ruled?

From the creators of YOUNG TERRORISTS, Matteo Pizzolo (GODKILLER) and Amancay Nahuelpan (CLANDESTINO), comes this tale of resisting oppression, punching Nazis, protecting each other, kicking ass, and demanding liberty for all. Collects issues 1-3.

"Calexit is both an excellent comic and a striking thought experiment... The economic entanglements, conflicts, and general uneasiness that define Calexit's narrative speak to the complexity of the ideas at work. There are no clear, easy answers, but that's not quite what the series is going for. It's a story about the journey." —io9

"Radical.... Really spectacular." —Entertainment Weekly

Al Capone. Family man, community leader, industri-
ous smuggler, or vicious kill-
er? You decide. Born into a
poor Italian family in Brooklyn
in 1899, little Alfonso didn't
have a lot of options, so he'd
have to get creative in order
to make a name for himself.
A bit of cards, some enforc-
ing, maybe a little protection
are a great start. A man's got
to provide for his family, capisce? But, when prohibition starts
up in 1920, Al Capone will discover his golden ticket to untold
fame and fortune. Now, nobody'll ever forget the name Capone.

THE COMPLETE DICK TRACY VOL. 3: 1935-1936

Writer/Artist: **Chester Gould**

Lawless days like the mid-1930s needed the toughest policemen to dispense justice—men like Dick Tracy! In Volume 3 of his long-running series, the bold detective tangles with Zora Arson, her escaped-con brother, Boris, and the evil "Cutie"—who gets cute by springing a death trap involving two famished bobcats! Clover Press and The Library of American Comics are re-presenting Chester Gould's earliest Dick Tracy stories in the larger format used throughout most books in the series, so Tracy's battles against gangsters look bigger and better than ever. The action hits closer to home when the Tracy family's acquaintance, Toby Townley, learns that justice is blind after the small grift she runs makes her realize that prison stripes are the new black. This new edition of Dick Tracy Volume 3 puts Chester Gould's great stories into a great package!

THE COMPLETE DICK TRACY VOL. 4: 1936-1937

Writer/Artist: **Chester Gould**

Faceless foes bookend the stories in Dick Tracy Volume 4, the latest entry in the Clover Press/Library of American Comics reissue of the original six Dick Tracy volumes in the larger format that became the series standard. The intrepid detective and his friends tackle invisible enemies when they square off against the notorious Purple Cross Gang and their masked leader. Later, Tracy and Pat Patton come to grips – and blows! – with The Blank, whose look predates The Question, whose name predates The Shining, and whose unmasked face harkens back to Lon Chaney as Quasimodo! Sandwiched between those two tales, Tracy is caught in a web of intrigue along with three amoral young girls, millionaire wastrel Johnny Mintworth and his mother, plus the powerful mobs fronted by "Collie" Vinso and Danny Supeena.

ADVENTURES INTO TERROR: THE ATLAS COMICS LIBRARY VOL. 1

Edited by Dr. Michael J. Vassallo

\$34.99 / HC / 180 pgs / FC / 8.75" x 11.25"

Fantagraphics is proudly reprinting Marvel Comics' 1950s genre titles under its new Atlas series beginning with *Adventures Into Terror*. Atlas churned out anywhere from 8 to 12 different horror titles a month, giving some of the best craftsmen of the era a chance to show off their talents. *Adventures Into Terror* includes a trove of stories drawn by Golden Age artists including George Tuska, Carl Burgos, Mike Sekowsky, Joe Maneely, Basil Wolverton, and Joe Sinnott. The stories are written firmly in the tradition of the pulpy, borderline-deranged style that brought the *United States Senate Subcommittee on Juvenile Delinquency* down like a sledgehammer on comics in the early '50s.

TOTEM

By Laura Pérez

\$24.99 / HC / 144 pgs / FC / 7.5" x 10.25"

Blurring the lines between the real and the spiritual, Spanish cartoonist Laura Pérez leads the reader through a dreamy journey of two young women through the Arizona desert in search of a spiritual awakening. The narrative slips through time and space, drifting from reality to different states of consciousness. Like a vivid dream, this story is rendered through eerie settings and potent symbols, a spiritual puzzle inviting the reader to piece together.

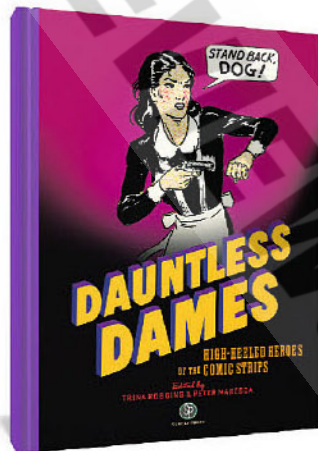

STATICS #2

\$5.00 / Comic Book / 32 pgs / BW / 6.625" x 10.25"

Indie-comix fiction and non-fiction short stories, with some unexpected overlaps, written and drawn in a 90s style by musical cult figure Jeffrey Lewis. The lushly illustrated "Dad's Boat Story" Mexican 1960s adventure from last issue is radically revised in "Mom's Version." Meanwhile a pantheon of cosmic deities debate the use of Instagram, some teenage superheroes debate what to do about Russia's invasion of Ukraine, a subterranean monster is frustrated by a dating app and autobio comix try to stay positive. Movies move, statics don't!

DAUNTLESS DAMES: HIGH-HEELLED HEROES OF THE COMICS

Edited by Trina Robbins and Peter Maresca

\$100 / HC with paper doll insert / 160 pgs / FC / 13" x 16.5"

The audacious exploits of ten adventurous female stars from the Golden Age of comic strips. Both a product of their era and ahead of their time, the women in these stories gave their Depression-era audience just what they needed. POEF'S SECOND HEAD

**DARK GARBAGE & POEF'S
SECOND HEAD GN**

(W/A) Emma Jon-Michael Frank

In this latest volume of the *Dark Garbage* series, the ill-fated character, Poef's, backstory is explored, and it is revealed why his head is comprised of two faces. In *Poef's Second Head*, Esther, a body builder, and Mona, a butterfly, continue their fruitless search for an elusive elixir that they think will restore their lost powers. What those powers are, they don't know, but that doesn't stop them from embarking on a cornucopia of odd and poignant quests in order to find out. Funny and tragic, *Poef's Second Head* is an exploration of what it means to be alone, what it means to be alive, and how those two

states inform each other with humor, tenderness and the pleasing quirkiness of Em's *Dark Garbage* world. (STL280518) (C: 0-1-0)

Inside the Guide: AVENGERS #1

The 60th anniversary of *The Avengers* provides a great inspiration for looking back at how the first issue of the series has performed in *The Overstreet Comic Book Price Guide* over the more than five decades of our existence.

Over its history, Marvel has done very well with team books, giving readers the opportunity to enjoy not just one or two heroes but a whole group of really cool characters battling some of the most powerful villains in comics. Among their greatest success stories is the Avengers.

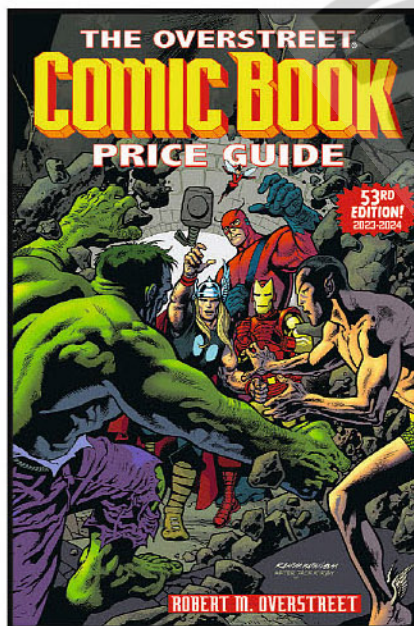

Composed of a rotating roster of Marvel's most powerful heroes, the first incarnation included Thor, Ant-Man, the Wasp, Iron Man, the Hulk, and Captain America. When Stan Lee and Jack Kirby introduced the team in *Avengers* #1 (September 1963), it could be purchased for 12¢. By 1970, Robert M. Overstreet valued a Near Mint copy at \$6 in *The Overstreet Comic Book Price Guide* #1.

It gained significant traction in the collecting market and ten years later it was up to \$240. By *Guide* #20, it nearly tripled in value, priced at \$725, which was repeated after another decade, when it nearly tripled to \$2,400.

Avengers #1's value took off in the 2010s. In *Overstreet* #40 a Near Mint copy was situated at \$12,500. Two years later when *The Avengers* movie debuted, it doubled in value to \$25,000.

NUKE 'EM: CLASSIC COLD WAR COMICS CELEBRATING THE END OF THE WORLD HC

Back in the 1950s, during the Cold War, every day beckoned with the possibility of the end of the world. Kids grew up in the shadow of bomb shelters and were treated to daily lessons at school on what to do in the event of a nuclear attack. Americans were besieged by constant reminders to be ever vigilant in preparing to combat the "red" menace of communism. Comic books of this era played on these fears with stories of atomic war and World War III. This volume reprints the complete runs of *Atomic War!* (#1-4, November, 1952-April, 1953) and *World War III* (#1-2, March, 1952 and May, 1953) and can be read merely as great action/adventure stories, classic "war" comics or as an eerie, unanticipated commentary on today's tribulations. WRITER/ARTIST/COVER BRENNATHUMMLER

The long-awaited final installment in acclaimed cartoonist Brenna Thummler's best-selling Sheets trilogy!

Marjorie Glatt's life was forever changed the day she discovered a group of ghosts hiding in her family's laundromat. One of those ghosts was Wendell, a lonely phantom turned Marjorie's best friend. Wendell died far too young and now must wander the Land of Humans. He knows how he died—a tragic drowning accident—but lately he's grown curious about his past life. He wants to know more about why he died, not just how he died. It's not easy, though, since Wendell's memory of his human life has grown increasingly blurry. When he hears a rumor about his death, Wendell wonders if it might not have been an accident after all. Joined by Marjorie and ghost enthusiast Eliza Duncan, Wendell learns that sometimes everything casts shadows, but if you look hard enough, you can find the light.

AN INTERVIEW WITH BRENNA THUMMLER

Q: For anyone unfamiliar with the *Sheets* series, can you give us a quick recap of what's happened so far?

A: In *Sheets*, we're introduced to Marjorie Glatt, a thirteen-year-old who recently lost her mom and is running the family laundromat. She's forced to dismiss her grief as she tackles things like school bullies and rude customers. Things get more complicated when a sheet ghost named Wendell shows up and, unbeknownst to Marjorie, starts using her laundromat as a playground. Wendell eventually wins Marjorie over and helps save the family business. In *Delicates*, Marjorie has found solace in a new friend group: the popular kids who used to bully her. But these bullies have a new target: Eliza, a ghost photographer determined to stay true to her ambitions, no matter how absurd they seem to her peers. When Eliza feels judged and Wendell feels irrelevant, Marjorie must decide what kind of a person she wants to be. Ultimately, she learns to be the friend she needed when she was the outsider. She, Eliza, and Wendell end the story as a strong trio with an unconventional ghostly connection.

Q: *Lights* picks up right after *Delicates* ends and finds friends Marjorie, Eliza, and Wendell the ghost trying to uncover the truth about Wendell's human life. Why was it important for you to dive into Wendell's backstory?

A: From the moment Wendell showed up in Marjorie's life, he played a large role in helping her grow, heal, and understand herself. And his

relationship with Eliza is no different. . . While Marjorie and Eliza have welcomed Wendell into their worlds, his deepest self-doubts were never tackled. *Lights* gives the stage to Wendell, inviting him to examine his own human history—something he's forgotten in the afterlife. It's important for readers to learn why such a pivotal character behaves the way he does. Wendell is a wonderful, optimistic friend, and, in knowing the adversity he has faced, readers should be inspired to not let hardship overcome them.

Q: Throughout the series, you've explored some heavy themes such as grief, loneliness, bullying, forgiveness, and mental health in an emotionally resonant yet age-appropriate way. How do you balance the more whimsical elements of the series with these important topics?

A: Most of the whimsy springs from the ghosts—really, the other storylines in these books are rather grim. Wendell adds much-needed positivity in a series full of sadness, and as a ghost, he ironically helps both Marjorie and Eliza discover what to live for. Ghosts actually make a story like this feel less scary—less real—so readers can learn about the truth of these heavy topics from a distance. Kids face difficult situations, which is why writing about them is important. Middle-grade books, or any books for that matter, are safe spaces to explore mental health through the lens of a fictional character, and take from them whatever you need.

Q: What can readers expect from the ending of *Lights*? (No spoilers!)

A: I don't believe in perfect endings, only true endings. Just as readers must learn that challenges exist, they must learn that you can't magically make all your challenges disappear. To me, these characters are very real, and although the series will end, their lives will go on. So readers can expect a sort of closure, but also an invitation to imagine what happens next for the fictional friends they have come to know over the last few years.

Q: If you were a sheet ghost, how would you spend your day?

A: I would slide under a lot of doors, and I would sneak into so many places after dark. Not to cause any disturbances, of course, but to simply experience the beauty of solitude in typically populated places. I would love, for instance, to spend the witching hour in an old library or botanical garden. Imagine the lack of lines in a midnight amusement park. I'd also be curious to put myself in mortally dangerous situations—suspended above cities, sitting on top of trains, relaxing in the dryer—and not be afraid. I am the furthest thing from a risk-taker, so having fewer consequences might motivate me to live a little on the edge. But only a little.

PRINCETON ARCHITECTURAL PRESS

THIS COUNTRY: SEARCHING FOR HOME IN (VERY) RURAL AMERICA GN

(W/A) Navied Mahdavian

Before Navied Mahdavian moved with his wife and dog in November of 2016 from San Francisco to an off-the-grid cabin in rural Idaho, he had never fished, gardened, hiked, hunted, or lived in a snowy place. But there, he could own land, realize his dream of being an artist, and start a family—the Millennial dream. Over the next three years, Mahdavian leaned into the wonders of the natural Idaho landscape and found himself adjusting to and enjoying a slower pace of living. But beyond the boundaries of his six acres, he was confronted with the realities of America's political shifts and forced to confront the question: Do I belong here? Mahdavian's beautifully written and unflinchingly honest graphic memoir charts his growth and struggles as an artist, citizen, and new father. With wit, compassion, and a sense of humor, Mahdavian's insider perspective offers a unique portrait of one of the most remote and wild areas of the American West. (STL279879) (C: 0-1-0)

(A) Various & Various

Johnny Dynamite, created by Pete Morisi, was a hard-boiled private detective, known as "The Wild Man from Chicago." Good friends with the D.A. but readily accepted by the underworld, he smoked cigarettes constantly, cursed frequently, and had a bad habit of getting shot and beaten by his enemies. But always gave as good as he got; he was an experienced and persistent detective taking his cases personally and killing many of his early foes, claiming they were reaching for a weapon. Myra Benz, who had shot him in the eye, was brazenly killed without any true justification beyond his own sense of justice. The other main artist across Comic Media titles was Don Heck, who in 1955 would be recruited by Stan Lee to Atlas Comics, later to become Marvel Comics. RANGER STRANGER TP

(W) Matt Battaglia, Tyler Jensen

(A/CA) Tyler Jensen

Ranger Stranger is about a deranged forest ranger left in charge of the fictional wilderness Hackaneck National Park, a vast Bob Rossian landscape of breathtaking meadows, lakes, and vistas for the adventurous camper to enjoy. Unfortunately, everything—the flowers, the deer, even the park official—wants to murder you. Sound scary? Oh, it is. Especially with Ranger Garland Woodburn on the trail. Don't let the classic Hollywood leading man smile fool you, Woodburn's passion for nature and proclivity for horror-homicide struggle to maintain balance in his addled mind. But not all is lost. Each episode pulls from a myriad of real outdoor topics such as hiking, fishing, or toad licking. The novel is designed like a stylish 1950s field guide written by a guide with questionable knowledge of the field. (STL280987) (C: 0-1-0)

Mortimer is a young bird... who can't fly. His wings just aren't big enough, not yet, but that doesn't stop his well-intentioned parents from making him jump off the tree branch, again and again and again. It's terrifying and painful for Mortimer—but he keeps trying. Then, one night, he overhears his parents talking, and discovers that they suspect he's a lazy bird! Mortified, Mortimer decides to run away from the nest. He won't return until he has learned how to fly. Mortimer's journey takes him to a place he has never seen or heard of before: The City! There, he discovers strange metal creatures (cards) and strange gangly creatures (humans)—and meets the most talkative worm who has ever lived—Lucius! Mortimer also happens to be a vegetarian, so the two strike up an almost immediate friendship. It's not soon before Lucius hatches a plan that will allow Mortimer to visit Wormland—a plan that involves a human sock and the invention of the largest worm who has ever existed! THE COMICAL EYE'S BRITISH MONARCHY: FROM ALFRED THE GREAT TO CHARLES III

(W) Leo Schulz

(A) Teresa Robertson

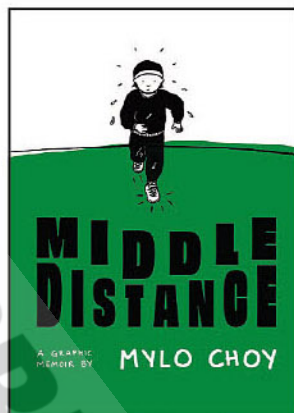

Which kings couldn't speak English, or stammered when they could? Who were "Softsword" and "Sailor Bill"? Which king had 10 children with his mistress but none with his queen? Which kings were crowned twice? Which queen reigned for only nine days? Which king disappeared? Here is a comic strip with a difference, an alternative (and funnier) Bayeux Tapestry tracing every king and queen from Alfred the Great to Charles III—each of their vivid pen-and-ink-portraits encapsulating the personal quirks and dramatic social change of their reigns. This single-sheet poster-sized booklet unfolds the politics, passions, and pageantry of the English and later British Royal Family, from 871 to 2023: the tyrants, eccentrics, warriors, and murderers, as well as the saints, scholars, patrons, and philosophers, whose joint story this is. MIDDLE DISTANCE: A GRAPHIC MEMOIR SC

(W/A) Mylo Choy

A charming, heartwarming, and poignant story of running and self-acceptance, Mylo Choy's *Middle Distance* combines exertion and introspection in an exploration of the physical body's connection to the human experience. It explores such themes as the interrelatedness of mind and body, the Buddhism with which Mylo was raised, emotional growth through effort but also repose, and the necessity of carving out space for nuance and acceptance. Concrete narrative scenes contrast with more abstract sequences to convey Mylo's journeys, both inner and outer, and how these inextricably intertwine. The approachability of comics as a medium, coupled with the relatability of Mylo's search for self-knowledge, results in an honest, searching work of particular interest to transgender and nonbinary runners. Eisner Nominee! An all-new definitive history of Connecticut's notorious all-in-one comic book company! Often disparaged as a second-rate funny-book outfit, Charlton produced a vast array of titles that span from the 1940s Golden Age to the Bronze Age of the '70s in many genres. The imprint experienced explosive bursts of creativity, most memorably the "Action Hero Line" edited by Dick Giordano in the 1960s, which featured the renowned talents of Steve Ditko and a stellar team of creators, all helmed by veteran masters and talented newcomers—and serving as a training ground for an entire generation of comics creators. Though it gave up the ghost over three decades ago, Charlton's influence continues today with its Action Heroes serving as inspiration for Alan Moore's cross-media graphic novel hit, *Watchmen*. O/A DESTROYER DUCK GRAPHITE EDITION HC

(W) Steve Gerber (A) Jack Kirby
In the 1980s, writer Steve Gerber was embroiled in a lawsuit against Marvel Comics over ownership of his creation Howard The Duck. To raise funds for legal fees, Gerber asked Jack Kirby to contribute to a benefit comic titled *Destroyer Duck*. Without hesitation, Kirby, in his own dispute with Marvel at the time, donated his services for the first issue, and the duo took aim at their former employer in an outrageous five-issue run. With biting satire and guns blazing, Duke "Destroyer" Duck battled the thinly veiled Godcorp (whose infamous credo was "Grab it all! Own it all! Drain it all!"), its evil leader Ned Packer and the (literally) spineless Booster Cogburn, Medea (a parody of Daredevil's Elektra), and more! Now, all five Gerber/Kirby issues are collected, relettered and reproduced from Jack's unbridled, uninked pencil art! Also included are select examples of Alfredo Alcalá's unique inking style over Kirby on the original issues, Gerber's script pages, an historical Introduction by Mark Evanier, and an Afterword by Buzz Dixon. WICKED SON

SPOTLIGHT ON

JUDESSEY GN

(W/A) Shay Charka

The Holocaust is an event greater than the sum of the survivor testimonies and the stories of its six million victims. It is an event larger than life, and greater than the containment capacity of the human brain. It deserves to be described not only in testimonies and documentation, but in legends. *Judessey* depicts the journey of Leon, a Jewish professor from Poland who finds himself in the midst of World War II, who strives to find his way home while battling the monsters of Europe. An epic tale of a Jewish partisan whose family is taken away by Nazis, this graphic novella shares a new legend about the Holocaust that unpacks generations

of trauma. *Judessey* expresses the biggest trauma of our time in a format of legends based on the Odyssey, which has inspired so many human journeys. (STL278526) (C: 1-1-0) NOTE: Not available in Germany.

From the weirdo mind of actor, writer, and producer Emily Hampshire (*Schitt's Creek*), *Amelia Aierwood: Basic Witch* follows the least-favorite daughter of L.A.'s most famous family of witches, the Aierwoods. Amelia's sisters have all followed in the footsteps of their prominent parents but everything Amelia does is just a little... off-brand. A late bloomer who has yet to find her calling, Amelia uses her powers for mostly mundane problems but even those lead to magical mishaps. As her family's fame continues to rise, they have no choice but to exclude their bumbling black-sheep daughter from the next great chapter of the Aierwoods—reality TV! With the help of her adopted

brother Spaghetti—who she accidentally turned into a yeti... long story—Amelia must carve her own path outside of her family's influence. (STL278396)

INKED IN BLOOD VOLUME 2: ONCE UPON A CRIME HC

(W) Ryan J. Downey, Spencer Charnas

(A) Giorgia Sposito, Nino Cammarata

(CA) Mike Cortada

Max Charnas, the ne'er-do-well identical twin brother of INK mastermind Spencer Charnas, hatches (hatchets?) a plan to blackmail, frame, and ultimately destroy his cinema-obsessed sibling. Hard-living, duplicitous, and without scruples, sophisticated slasher Max will stop at nothing to carve away Spencer's life, one cut at a time. Our story begins at the Silver Scream Con horror convention, peeling back layers of history and lore that would make the Bateman family shiver, including Max's hedonistic nights at stately Charnas Manor. A family heirloom with a particularly sharp edge; a Silence mask disguise; a bloodthirsty public ready to see Spencer brought to "justice"; and all of the requisite mystery and intrigue that only a truly evil twin can summon. Meticulously researched and expertly crafted by writer/artist Dave Chisholm—a doctorate holder in jazz trumpet from the Eastman School of Music—*Miles Davis and the Search for the Sound* deftly explores the often volatile journey of Miles Davis and his world-renowned music. MUTANTS AND MASTERMINDS: DELUXE HERO'S HANDBOOK HC

(W) Steve Kenson

New Printing! Choose your powers. Put on your mask. Fight the forces of evil. Save the world! Since 2002, *Mutants & Masterminds* has earned its title as the World's Greatest Superhero RPG, inspiring countless game sessions and winning many awards for excellence. Now in its Third Edition, *Mutants & Masterminds* lets you and your friends take on the roles of super-powered heroes in a world of criminal masterminds, paranormal terrorists, destructive brutes, and other insidious villains. You only need a single d20 to play! The *Deluxe Hero's Handbook* is a complete RPG in one book, and it includes all the core rules, two adventures, and an introduction to the world of Earth-Prime. You can get started fast by making a character with a pre-built archetype or randomizing it with the Quickstart Character Generator. After you've learned more about the rules, you can use the game's powerful yet flexible system to make exactly the character you want. A huge variety of superpowers, skills, and advantages are yours to choose from, and there are also rules for gadgets, vehicles, and headquarters. (STL281141) (C: 0-1-2) HC, 320pgs, FC (GRR5510).....\$49.95

MUTANTS AND MASTERMINDS RPG: POWER PROFILES HC

(W) Steve Kenson

New Printing! With the *Mutants & Masterminds* rules you can create virtually any power you can imagine, but where to start? *Power Profiles* answers the question, "How do I create...?" for hundreds of different powers and dozens of different themes. Now you can "shop" through a catalog of pre-created power concepts looking for just the right one to suit the hero or villain you want to create. In this book you'll find over three dozen different Power Profiles, arranged according to theme, from Cosmic and Fire Powers to Speed and Time Powers. Each profile features a look at the theme's descriptors and mechanics, important game system effects, and a selection of offensive, defensive, movement, and utility powers. That's over 400 different powers in one book! (STL281148) (C: 0-1-2) HC, 224pgs, FC (GRR5508).....\$44.95

MUTANTS AND MASTERMINDS RPG: GADGET GUIDES SC

(W) Steve Kenson

New Printing! Where do you get all those wonderful toys? Right here! *Gadget Guides* is a collection of diverse devices for the *Mutants & Masterminds* Roleplaying Game, from armor and weapons to psychic crystals and steam-tech. Each section of the book looks at a particular type of gadget, putting together the effects and modifiers from the *Deluxe Hero's Handbook* to create a catalog of ready-to-use items. It also includes expanded material on the inventing, artificing, and rituals. What *Power Profiles* did for super-powers, *Gadget Guides* does for gear, making it a great character creation and in-play resource for both players and Gamemasters.
